BUNCO FOR BREAST CANCER BENEFITING THE HOPE FUND

Bunco for Breast Cancer is an annual fundraising event benefiting the Hope Fund by Hendrick Health. The inaugural Bunco for Breast Cancer was held in 2003 in the Auxiliary Conference Center at Hendrick Medical Center, where the event drew 212 participants and raised \$2,800 for the Hope Fund. Since then, the event has gained incredible momentum and support from the community. In 2022, Bunco for Breast Cancer drew 1,476 participants and over 100 volunteers, and raised a total of \$127,707. 100% of net proceeds go directly to helping local women in West Central Texas overcome breast cancer who could not otherwise afford it. We are excited to join forces with you again this year to fight breast cancer and bring hope to the Big Country!

SPONSORSHIP OPPORTUNITIES

TITLE SPONSOR - SOLD

FIRST WATCH
— CREDIT UNION —

- Recognition on dice rolling mats and event program
- Recognition on Bunco for Breast Cancer website
- * This level does not include tickets to Bunco for Breast Cancer.

ABOUT THE HOPE FUND

The Hope Fund was established by Hendrick Health in 2001 to ensure that no woman in our community goes without a mammogram due to financial limitations. 1 in 8 women will develop breast cancer during the course of their lifetime, and our mission is to provide these women with hope and financial assistance to overcome breast cancer through early detection and support.

Clinical services available through the Hope Fund include screening mammograms, diagnostic mammograms and breast ultrasound. The Hope Fund also assists with medical supplies for breast cancer patients experiencing lymphedema, as well as lodging at Hendrick League House during breast cancer treatment.
